## **Seneca's Phoenissae: Introduction and Commentary (Mnemosyne, Bibliotheca Classica Batava Supplementum) (Mnemosyne Supplements)** Marica Frank, Lucius Annaeus Seneca

This is the first commentary to be written in English on Seneca's "Phoenissae," an intriguing work on account of its unusual structure and state of incompleteness. The substantial introduction deals, "inter alia," with the question of the unity and purpose of the work; the absence of an ending and of choral lyrics; the philosophical, rhetorical, and political content; Seneca's treatment of the Theban legend. The commentary is primarily a literary analysis of the text, but textual, linguistic, metrical, and grammatical difficulties are also elucidated. With the resurgence of interest in Senecan drama in the last two decades, this book is a valuable addition to English commentaries that appeared on most of the plays.
